

Drug Like This

Devito

I ain't never had a drug like this
Eyes red and they're low
I can't even budge
I ain't never been in love like this
I ain't never had a drug like this
Got me high up in the club
I can't even budge
I ain't never had a drug like this
I ain't never been in love like this
I ain't never had a drug like this

Yeah, yeah (Said)
I'd never roll again (Yeah)
Oh, look at what you did (Hmm)
Let go and come right here
I ain't never had a drug like this
Ain't feel wrong when I did it
I ain't had love in a minute
Don't get offended
You ain't my girl, we're just tripping
I'm living my life with no limits (Yeah, yeah)
I'll admit it, I'll admit it
I got liquor in my system
I've been fucking up my kidneys
Wonder if I'll go the distance
Popping got me on a roll like this
Stopping time I'm moving slow I guess
I will never be alone
You just showed me how to love

I ain't never had a drug like this
Eyes red and they're low
I can't even budge
I ain't never been in love like this
Ne znam više gde, sad sam samo njen
Nikad nisam imao drug like this
Got me high up in the club
I can't even budge
I ain't never had a drug like this
I ain't never been in love like this
I ain't never had a drug like this

Pita me kol'ko mi košta outfit
Odakle mi svi ti auti
Zanima je kad su mi nastupi
Kad imam drugu - nasluti
Milioner, samo bih zlato
Loži keš i sve bi sa mnom
Ne-ne-ne-ne
Oči crvene, od svega umorne
Sad bih s tobom svu noć
Pare prljave, rane krvave
Bez tebe jebeš svu moć
I dalje pijem noćima
Da li ti vidiš taj bol u očima?
Tebe vidim ja u snovima
Pitam se, bebe, zasto si otisla

I ain't never had a drug like this
Eyes red and they're low
I can't even budge
I ain't never been in love like this
Ne znam više gde, sad sam samo njen
Nikad nisam imao drug like this
Got me high up in the club
I can't even budge
I ain't never had a drug like this
I ain't never been in love like this
I ain't never had a drug like this
Eyes red and they're low
I can't even budge
I ain't never been in love like this
Ne znam više gde, sad sam samo njen
Nikad nisam imao drug like this
Got me high up in the club
I can't even budge
I ain't never had a drug like this
I ain't never been in love like this
I ain't never had a drug like this
Eyes red and they're low
I can't even budge
I ain't never been in love like this
Ne znam više gde, sad sam samo njen
Nikad nisam imao drug like this
