

Ride 2 This

Devlin

You can vibe to this
Get high to this
Riot to this or just drive to this
Licking off shots on the grind to this
Or just creeping round of a night to this
Feel like you all lost sight of this
It's obvious you can't handle bars
You can't be cyclist
Has any thing you've spoke rotated nahh
That's a pity, see me bare face in the city
Shoreditch blazing a ziggy some what dizzy
Summertime with crime at large
More birds, more beef, more blood on the curb it's deep
New faces here in the street
Trying to make ends meet

Ride to this get hype to this or vibe to this
Get live to this show love for this or just fight to this
Ride to this get hype to this or just vibe to this
Truth is I don't care what you do as long as you buy my shit

I wrote this song for you
How thoughtful, just kidding
I don't give a shit if you think that it's awful
I write these bars while I'm chilling
And my mind slips into a portal
Where time ain't got no beginning, nor finish
I don't even write these lyrics
All my career I've been channelling spirits
Devlinstein rise you've been assigned
To take out every mc in grime for the millionth time
Ok let's rip it, these bars are yours not mine
You can do what you God damn like
When this song plays it don't stop like long days
Ok let's ride

Ride to this get hype to this or vibe to this
Get live to this show love for this or just fight to this
Ride to this get hype to this or just vibe to this
Truth is I don't care what you do as long as you buy my shit

Don't know what the problem is
You can do what you want to this
Go burn it you wanted bliss
Or sit with your thoughts in peace or
Go mental and show where the monster is
Get high to this, relax a little you ain't trying to flip
And drift where there ain't no type of shit that might
Piss you off over minor things
Or play this in the gym when you punch or swing at a bag
And feel the adrenaline fuel that tiger within
Achieve all you rationally can
Or smack grandma on the chin
If she asks "who is this man?"
It's the Reaper, Laden, Jim
Mr Gray do what I say

Ride to this get hype to this or vibe to this
Get live to this show love for this or just fight to this
Ride to this get hype to this or just vibe to this
Truth is I don't care what you do as long as you buy my shit

Anyone can vibe to this
I don't care what clothes you wear
I don't care if your rich or poor
I've been Asda price in this
Since bread was sliced in this
By a bakers knife in this
It's the outcast
I don't give two shites in this
