Holding your breath, diving in slow, keeping a distance
Fill in the space below
You know what you want, won't let it go, feel the resistance
Still I might need to know

You came from the water
Shattering thunder
How did you pull me in?
Down into the darkness
Give me the silence
Won't let you hold it in

Boy you think you want me I know
If you wanna love me, I won't say no
Don't say that you will if you won't
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya

Taking my time, letting it go, breaking the silence
Caught in the undertow
Over my head, letting it go, caught in the balance
Still I just need to know

Breathe, under the water
Shatter the thunder
I let you pull me in
Down in the darkness
All the way in this
Won't let you hold it in

Boy you think you want me I know
If you wanna love me, I won't say no
Don't say that you will if you won't
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya

I'm running through the water
Just tryna find a way to you
Pull me down, I wanna know the dark
Pull me down, I wanna know the dark

Push me over backwards
Now I'm drowning for ya, for ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya
Push me over backwards
Now I'm drowning with ya, with ya

Boy you think you want me I know
If you wanna love me, I won't say no
Don't say that you will if you won't
Push me over backwards
Now I'm drowning with ya
