Blindspot, Pt. 2

Devon Baldwin

I'm riding shotgun in your six speed
Thinking this is how it always could be
And how it should have been

Tell me when it got so hard to
Be the man you say you are
And I wish I could believe you
When you say I see you
For more than just your scars

But you are my blindspot
The only one that I've got
And we could be crashing
And I'd let it happen
So baby I need you to know
That you are my blindspot

My blindspot
My blindspot
My blindspot
My blindspot

You love to tell me you'll do better
Then you go and fall into a bender
And sometimes I fall too

Tell me when it got so hard for
Us to be the way we are
Can it be the way it used to
Cause I'm the one who knew you
Before you played that part

And you are my blindspot
The only one that I've$ got
And we could be crashing
And I'd let it happen
So baby I need you to know
That you are my blindspot

My blindspot
My blindspot
My blindspot
