

Hero

Devon Baldwin

Look for me
Between the cracks behind the light
Wait for me
Between the battle and the fight

Don't you rush and don't you run
Hold your fire, hold the guns
Raise your flag and wave it high

Ooh ooh ooh
Ooh ooh ooh

Whisper the moments
Sharpen your teeth behind your eyes
I'll be the moment
You be the one in your disguise
I'll be the hero
You'll be the one I'm hunting for
I'm the one that you wanted

Ooh ooh ooh
Ooh ooh ooh

Carry me over the line, don't be afraid
Follow me
Don't ask me why, don't look away

Don't you rush and don't you run
Hold your fire, hold the guns
Raise your flag and wave it high

Whisper the moments
Sharpen your teeth behind your eyes
I'll be the moment
You be the one in your disguise
I'll be the hero
You'll be the one I'm hunting for
I'm the one that you wanted

Ooh ooh ooh
Ooh ooh ooh

I'll, I'll, I'll be the, I'll be the hero
I'll, I'll, I'll be the, I'll be the hero

I will wait between the lines
You should know, you should know
You should know
What it takes to leave the light
Let it go, let it go, let it go

Whisper the moments
Sharpen your teeth behind your eyes
I'll be the moment
You be the one in your disguise
I'll be the hero
You'll be the one I'm hunting for

I am the one that you wanted
