

# Refuse

Devon Baldwin

We let it all fall apart  
Then settle back in a place  
Treading water in the dark  
Waiting for the tides to change

Even when you try to be without  
Feel the pressure of the waves crash down  
When you try to run I pull you in  
Cause you know you'll always be around  
I know ive been a fool  
The shit I put you through  
No matter what you do  
You just can't refuse

You hate the way I get so high  
And I hate the way you care so much  
You burn a bridge you cross a line  
It's all too much but not enough

Even when you try to be without  
Feel the pressure of the waves crash down  
When you try to run I pull you in  
Cause you know you'll always be around  
I know you've been a fool  
The shit you put me through  
No matter what I do  
I just can't refuse

Can't give it up  
You know I'm coming back to you  
Can't give it up  
I know you're coming back to me

I know I've been a fool  
I should have pulled you through  
No matter what you do  
You just can't refuse  
Can't refuse
