

Siren Song

Devon Baldwin

Don't try to hide from the night, come with me
Out of the light cos the fire burns me

Don't try to hide from the night, come with me
Out of the light cos the fire burns me
You think you know, how do you know?
You think you, you think you know
How do you know?

I tried to tell you the truth
I tried to tell you the truth
I tried to tell you the truth

I never knew you would take it there
How could you cut through my eyes without any care
What did you do?
What did you do?

I tried to tell you the truth
I tried to tell you the truth
I tried to tell you the truth

Don't try to hide from the night, come with me
(I tried to tell you the truth)
Out of the light cos the fire burns me
(I tried to tell you the truth)
You think you know, how do you know?
You think you, you think you know
How do you know?
You think you...
