This Christmas

Devon Baldwin

I left you alone
I flew home and I grew old
But I still believe you know
I don't mind the cold
I won't let the window close
If you lead the way, I'll go

If you come home
If you come home
If you come home this Christmas, this Christmas

Won't you take my hand?
Lead me back to neverland
Teach me how to fly again
In the fading night
Dancing through the moonlit skies
I won't let you down this time

If you come home
Won't you come home
Won't you come home this Christmas, this Christmas

Ooh, ooh, ooh
Ooh, ooh, ooh

If you come home
Won't you come home
Won't you come home this Christmas, this Christmas
Won't you come home this Christmas, this Christmas
