

## 1-800-GOT-STRESS

Devon Cole

Maybe

I like a little danger you can't save me  
I'm walking all alone at night, you'd hate it  
If you were here right now you'd call me crazy  
Still I've been thinking lately

Is there a someone I could call, 1-800 got stress  
Operator could you drown out all the voices in my head  
I can't take it any longer, my heart's beating out my chest  
It's so nice to talk it out with someone other than my friends

I count one, two, three  
Trying hard to breathe  
But it doesn't seem like you're getting me  
I count one, two, three  
Till I fall asleep  
Cause it doesn't seem like you're getting me

Stupid

The way I'm always letting myself lose it  
Cause I know well enough there's a solution  
But I get so wrapped up in my delusions  
God I'm only human

Is there a someone I could call, 1-800 got stress  
Operator could you drown out all the voices in my head  
I can't take it any longer, my heart's beating out my chest  
It's so nice to talk it out with someone other than my friends

I count one, two, three  
Trying hard to breathe  
But it doesn't seem like you're getting me  
I count one, two, three  
Till I fall asleep  
Cause it doesn't seem like you're getting me

So are you still on the line? 1-800 got stress  
Feels like nobody believes me when I say I try my best  
Operator I'm so sorry if I'm taking up your time  
I just need someone to tell me that I'm gonna be alright
