

Play House

Devon Cole

I can build a dresser on my own
But I kinda like the look of you (look at you)
With the nuts and bolts
Take your time, I could watch you all night long
I could pay with another glass
Of that Sauvignon blanc

No now I'm not saying
We should get married, but baby

I like to play house
I like to make out
Let the dishes keep on soaking
And lay me down
Put on a vinyl
You look delightful
There's no need to hit the town
When we play house
Baby let's play play play house

I'm not looking for a baby daddy (baby daddy)
But you can bring your dog
I know you like the look of me
When I do my walk (do my walk)
Cooking in the kitchen when it's sun down
Come and get a taste
Love it when you sneak on up behind
To hold my waist, like that

Now I'm not saying
We should get married, but baby I

So fresh with that Listerine
Come and put your pretty mouth on me
Tangled up in Egyptian sheets
Could ya turn the lights off and alarm on please

You like to play house
You like to make out
When I put in my retainer
You still lay me down
Put on a vinyl
You look delightful
There's no need to hit the town
When we play house
When we play house
Baby let's play play play house
