

# Cliffhanger

## Devour The Day

Caught cliffhanging, breaking limits again  
I might be falling to my death below  
Pressed to the edge and I'm begging my hands  
Whatever happens you just can't let it go  
I'm too close

I want to live  
I want to go  
Get what I want  
Want a world uncharted

I want to feel  
I want to show  
Climb to the top  
It's where my heart is

I want to be  
I want to know  
Pull myself up  
Up and just get started

Eye sight levels but I'm set up to slip  
Traitors coming out of the cracks  
At the fight or flight I've got to tighten my grip  
Whatever happens I'm not looking back  
I'm too close  
I'm too close

I want to live  
I want to go  
Get what I want  
Want a world uncharted

I want to feel  
I want to show  
Climb to the top  
It's where my heart is

I want to be  
I want to know  
Pull myself up  
Up and just get started

I'm not ready to fall  
Ready to fall  
Ready to fall

I want to live  
I want to go  
Get what I want  
Want a world uncharted

I want to feel  
I want to show  
Climb to the top  
It's where my heart is

I want to be  
I want to know  
Pull myself up  
Up and just get started  
Just get started  
Yeah!
