Faithless

Devour The Day

How did it come to this?
Walking numb, without conviction
Shuffle in, shuffle out everyday
Forgotten what your purpose is?
Something wrong? Something missing?
Shuffle in, shuffle out to the grave

Try and deny there's a meaning
But it won't have worth and it won't have feeling
Faithless, faithless
Behind every pulse is a heartbeat
Doesn't mean that belief runs clean in the bloodstream
Faithless, faithless

'Cause I know it's hard to fight and not to give in
And I know there's nothing real if you keep living
Faithless, faithless

Yeah, you're feeling empty
Yeah, you want to change it
Yeah, you want to get free
Then start with yourself

Don't become another sheep
Wait for rules, wait to follow
Shuffle in, shuffle out to obey
Tragic little comedy
How they spit and you swallow
Shuffle in, shuffle out for the taste

Try and deny there's a meaning
But it won't have worth and it won't have feeling
Faithless, faithless
Are you wasting away like a victim?
Are you chained like a slave to the broken system?
Faithless, faithless

'Cause I know it's hard to fight and not to give in
And I know there's nothing real if you keep living
Faithless, faithless

Yeah, you're feeling empty
Yeah, you want to change it
Yeah, you want to get free
Then start with yourself

And I know there's nothing real if you keep living
Faithless, faithless

Yeah, you're feeling empty
Yeah, you want to change it
Yeah, you want to get free
Then start with yourself

Yeah, you're feeling empty (Empty)
Yeah, you want to change it (Change it)
Yeah, you want to get free (Get free)

Then start with yourself

Yeah, you want to get free (Get free)
Yeah, you want to get free (Get free)
Yeah, you want to get free (Get free)
Then start with yourself
