

## Save Yourself

### Devour The Day

I have a sickness  
I kill what I love till I have no one left  
I have a black heart  
I can't help but hurt you, I'll tear you apart  
I can't help but hurt you, I'll tear you apart

I am the wolf and I will feed until I'm full  
I am the wolf (I am the wolf)  
Save yourself

I have a disease  
I cut people down just to see how they bleed  
You must go  
You must leave  
I know you deserve someone better than me

I am the wolf and I will feed until I'm full  
I am the wolf (I am the wolf)  
Save yourself

I am the wolf

Save yourself  
And run!  
And run!

I am the wolf and I will feed until I'm full  
I am the wolf (I am the wolf)  
Save yourself

I am the wolf and I will feed until I'm full  
I am the wolf (I am the wolf)  
Save yourself
