

Save Yourself

Devour The Day

I have a sickness
I kill what I love till I have no one left
I have a black heart
I can't help but hurt you, I'll tear you apart
I can't help but hurt you, I'll tear you apart

I am the wolf and I will feed until I'm full
I am the wolf (I am the wolf)
Save yourself

I have a disease
I cut people down just to see how they bleed
You must go
You must leave
I know you deserve someone better than me

I am the wolf and I will feed until I'm full
I am the wolf (I am the wolf)
Save yourself

I am the wolf

Save yourself
And run!
And run!

I am the wolf and I will feed until I'm full
I am the wolf (I am the wolf)
Save yourself

I am the wolf and I will feed until I'm full
I am the wolf (I am the wolf)
Save yourself

Save yourself
