

The Censor

Devour The Day

Do you have a purpose
You fail every time
The effort is worthless
Why even try
Swallow your opinion
Choking afraid
Know your position
Nothing to say

The censor
The virus
Fight for your freedom within
Fight for your freedom within
The liar
Inside us
Fight for your freedom within
Fight for your freedom within

Hide in the shadows
Quiet and scared
Everybody hates you
Nobody cares
Bury what you're thinking
Deep as a grave
Silence the feeling
Nothing to say

The censor
The virus
Fight for your freedom within
Fight for your freedom within
The liar inside us
Fight for your freedom within
Fight for your freedom within

Don't speak for me
Don't speak for me
Don't speak for me
Don't speak
