

Lil Bro

Devour

This may come, this may come as some surprise
But I miss you

This may come, this may come as some surprise (Yea) (Yea)
But I miss you

Look

Lil Bro

I can't seem to accept this

Lil Bro

I know your up in Heaven

But I need you right here right beside me

Cause you don't know the pain that I got inside me

Tears fallin' down my face as I write this

Ain't even get a chance to give your moms a goodbye kiss

I'm tryna fight this but can't seem to beat it

Bro, I been smokin' cause the pain I'm tryna ease it

This shit is fucked up the way you went out

Really hope they don't let that bitch out

Now at the shows bro I make 'em scream your name as it echos all across the whole crowd

I yell at God but I'm hoping he don't strike me

Cause everywhere I went you was always right beside me

Out of everyone why was it you when your ready to come home who be waiting in the shoo

Lil Bro

This may come, this may come as some surprise
But I miss you

Now everybody say Tee

Lil

Tee

Lil

Tee

Lil

Tee

Lil

Tee

That's for you Lil Bro

But I miss you
