

## Survive

## Devour

Big Guns  
Woof  
I got big guns  
ARs, AKs  
Time to pick one  
And get the shooting for the stars until I hit one  
About a hunnid in the Tommy it's a big drum

I'm on the road I'm finna pour me up a shot  
I miss waiting for some Nipsey shit to drop  
Counting up this guap  
I'm just trying to count it, run it up, til I feel like my finger bones feel  
ing knots  
Came from moving pots, now I'm on a yacht  
Dancing with my bitch  
I'm feeling Dom Pérignon, And I always take a lot, but today I'm not a lot  
I'm the youngest, I'm just broke, these other people ain't know, ha

This where I belong

Cruisin down the marina, the ray  
Who would of thought I would be here today  
When you putting on they keep throwin shades

Shits crazy

A dice for my life, some pray at night, to thank  
You'll let em alright, two shoulders with stripes, I say, I'm the realest on  
e alive, a tear drop for my people in the sky, but I'm the realest one alive  
, I'm a survive

Said I'm the realest one alive, I'm a survive  
Even if I miss  
I can say I tried  
I'm just tryna eat with the team, yo mines  
I'm just trying to ball, I hate bitches stepping lines  
Yea I see the signs  
I know you a leech  
I be with the wolves  
You be with the sheep  
Told me this shit is easy I can do this in my

Got me twistin let you finish shit there ain't predicting me  
Tunnel vision please, everytime that I do  
To this music, yea it worked, so I'm trapped up in a booth  
Mirror, Mirror on the wall  
Please tell me who the truth  
I'm the realest and the flyest, they look at me and say, You

You see this is what I'm a do  
I'm finna make it, show em dreams are really true  
But when I'm going through it, like a wolf I get the howling at the moon

(Howl)

A dice for my life, some pray at night, to thank  
You'll let em alright, two shoulders with stripes, I say, I'm the realest on

e alive, a tear drop for my people in the sky, but I'm the realest one alive  
, I'm a survive

I'm the realest one alive

A tear drop for my people in the sky

I'm the realest one alive

A tear drop for my people in the sky

But I'm the realest one alive

I'm a survive
