

## A Virulent Strain of Retaliation

### Devourment

Architects of detritus devising common filth to contaminate the masses -

Destined for eradication.

Bow down and hail thy obscene serpentine majesty.

Slithering, I sink my teeth in. Viral death delivery.

Stricken by my scathing venom. Contaminating veins.

Baptized of my vile contagion. Tainted bloodstream - Bleed.

Pathogens infiltrate you - Consumed internally.

Symptoms worsen, haemotoxins liquefy your body.

Massive swellings, weakness sets in, limbs go completely numb.

Breakdown of all bodily functions, nerves blown to kingdom come

.

Sores and oozing pus develop before your heartbeat stops.

Envenomation. Paralyzing neuropathic degradation.

Immobilized, now dead. Primed and ready - In a position to swallow you whole.

My jaws come unhinged. Let the feeding begin.

Throat fully dilates, contorting around your head.

Double, double, toil and trouble.

Like a hell-broth boil and bubble.

From slaughter to fodder.

Rot in my cauldron, boil in the acid.

Dissolved to nothing. I bask in the sun.

Wholly devoured, rancid digestion. Sadistic revenge.

Legions suffer my predation.

Crossing my fucking path means eternal rest - Put to death.

Predator to prey upon the weakest of offerings.

Killing for the pleasure, devouring to survive.

Anointed by the devil to terminate those meant to die.

Architects of detritus, devising common filth to contaminate the masses -

Destined for eradication.

Thy obscene majesty.
