Devvon Terrell

It's your boy Devvon Terrell, man  
Fetty Wap be like "Yaaaaah, baby!"  
Listen

Baby girl, you're so damn fine though  
I'm on you front to back so much that my rewind broke  
You really got it like really got it. It really shows  
Anytime anybody talkin' shit be like "What are those?"  
Be yourself then watch everybody around you follow  
Ain't messing with no amateurs. Keep them at the Apollo  
I see you on the high but we keepin' it on the low though  
I see 'em talkin' stupid, think Donald Trump talkin' Mexico  
This ain't what you wanted though. Tunin' in like we didn't kno  
w

We will always keep it real like Kanye at an interview  
And now we'll never know, what it feels to be like you

I'm like, yeah, she's fine  
Wonder when she'll be mine  
Walk past, I press rewind  
To see dat ass one more time  
And I got this sewed up  
Devvon Terrell, they know us  
I'm a young god, in weird I trust  
No one can control us  
Yaaaaah, baby!
