No. Yeah, eh, eh.

I keep my head high.
I got my wings to carry me.
I don't know freedom.
I want my dreams to rescue me.
I keep my faith strong.
I ask the lord to follow me.
I been unfaithful.
I don't know why you call on me.

I know this moment.
Cause I done seen it in my dreams and it made it hard to sleep at night.
Oh and I.
I know my old friend seen me and my ex is prolly sick.
You're thinking bout the times that you treated me like shit.
Oh that's right. Yeah.

Uh, check me out.
I quit my job and I never looked back at it.
Young nigga had a dream so I stabbed at it.
Now I fleeted all of my Instagram,
and now I'm proud servin all hoes.
What you wan do? High school really wasn't cool.
Always tryna buy fly, kicks and the ki-shirts.
Mama never was a fan of they Jordan's, she told me one day I'd be mother fuckin scorein.
Now you hear me on the radio. Young nigga finally goin up.
I think rappin all of the young guys, finally go some real niggas on my side.
Why'nt help me down, kept me untucked.
When I finally get it, man its all yours.
Cause its never been about the money.
Cause the music that I'm makin, it can take it from me.
And that's real, that's real, that's real.
I remember all of those ex's. Remember all of those friends.
All of that was pretend. Man this shit for them. Wear it out.

I keep my head high.
I got my wings to carry me.
I don't know freedom.
I want my dreams to rescue me.
I keep my faith strong.
I ask the lord to follow me.
I been unfaithful.
I don't know why you call on me.
