

Back To You

Devvon Terrell

"This is your chance to have a home and to be, like you said, a human being.
And I'm going to make you take that chance."

"Certainly. Why, I wouldn't let her stay. No, no. She deserves all this happiness, Bruce, all the things I couldn't give her."

What have I got myself in to?
Got you in trouble, what did I do?
"You know I never meant to hurt you" cliché
Gon' mess up everything you got goin' on

Don't wanna mess up your plans
Know where I stand
You know it's no pressure, shawty
I can throw them bands
Do what I can
Be your hype man
Tell me what it is I can do for you

I just want us both to face this, yeah
It's been cool but now I think it's time to quit, yeah
I got you in trouble, now let's chill on me, come in around
You know that it's gon' be tough

I can't get enough, ay
What I'm gonna do without you
You said that we just gotta chill, I gotchu
Read my line, tell me when it's all cool
Then I'll come back to you
Get enough, ay
What I'm gonna do without ya
You said that we just gotta chill, I gotchya
Read my line, tell me when it's all cool
Then I'll come back to you

Let's not pretend like nothing's happenin' here
Don't try to play me, girl, like you don't care
You takin' risks just to come and see me, you're so needy
But baby, I wanna see you too

And that's why you just messed up my plan, we catching feelings
This is getting different, shawty, and you gotta play
Baby, quit playing, I know you feel the same, yeah
But tell me what you wanna do with it, 'cause

I just want us both to face this, yeah
It's been cool but now I think it's time to quit, yeah
I got you in trouble, now let's chill on me, come in around
You know that it's gon' be tough

I can't get enough, ay
What I'm gonna do without you
You said that we just gotta chill, I gotchu
Read my line, tell me when it's all cool
Then I'll come back to you
Get enough, ay
What I'm gonna do without ya
You said that we just gotta chill, I gotchya

Read my line, tell me when it's all cool
Then I'll come back to you

Baby, tell me how we gonna stop this
You know that you poppin'
You know that you poppin', yeah
Baby, tell me how we gonna stop this
You know that you poppin'
You know that you poppin', yeah
