

Come Down

Devvon Terrell

I never wanna see you with somebody
I never wanna hear about your name
I never wanna feel my bed without you
Everybody wants what they can't taste
The scent of your perfume on my sheets
Is stimulating every sense of me
Doing everything just to keep you
You're the only one I see

But I know right now that your love ain't free
Know that you can do better than me
You're the only one I can see to make me better
But I know right now that your love ain't free
I know that you can do better than me
But you're the only one I can see to make me better

So baby, come down, come down
To my level
Baby, come down, come down
Wanna love you
Baby, come down, come down
Only one that can make me better
Baby, come down, come down
To my level
Baby, come down, come down
Wanna love you
Baby, come down, come down
The only one that can make me better

I know it's hard to come down
You're so high up in the sky
You on another level
Know you're one of the ones
That can make me better
That's why I'm asking you to come down to my level
Cause I've been needing somebody that's moving like you
And I've been needing someone that I can fly to
When I'm feeling down
Know it's out of the ordinary to ask
You teaching something, girl, I take the class

But I know right now that your love ain't free
Know that you can do better than me
You're the only one that I can see to make me better
And I know right now that your love ain't free
I know that you can do better than me
But you're the only one I can see to make me better

So baby, come down, come down
To my level
Baby, come down, come down
Wanna love you
Baby, come down, come down
Only one that can make me better
Baby, come down, come down
To my level
Baby, come down, come down

Wanna love you
Baby, come down, come down
The only one that can make me better
