

## Die On This Hill

Devvon Terrell

I think we're over each other  
Goin' our separate ways  
Now I got so many things to say, but  
It's way too late

I know we've outgrown other  
I know you feel it too  
Couldn't find a place to put our hearts, because  
Love don't live here no more

My heart is homeless and so is yours  
My mind tells me what am I waiting for, but  
I don't wanna break your heart  
We'll both fall apart

So I'ma die up on this hill  
Tell my mind to just chill  
'Cause he can't live without a heart  
So I'll die on this hill, this hill

It's easier to stay  
Don't wanna deal with change  
I'm too used to everything we are  
Now I have nowhere to stay, 'cause

My heart is homeless and so is yours  
My mind tells me what am I waiting for, but  
How we gonna break our heart  
We'll both fall apart

So I'ma die up on this hill  
Tell my mind to just chill  
'Cause he can't live without a heart  
So I'll die on this hill, this hill
