

I Do

Devvon Terrell

Can you feel what I'm feeling?
So high we don't where this lands, no
Two broken souls in the same place
I hope we both play this the same way
'Cause I been feeling like you been contemplatin' things, too
And I been feeling like you feel the way that I do

Go 'head, go 'head, go 'head, go 'head now
All the things that we been through
I think we deserve a chance now
All the things that we been through
Led us right here, oh, we prepared now
Baby, please, don't be scared now
Promise you I let my guard down
But will you fight it?
I know you been through so much with other dudes
Not seeing your worth
Or how much shit you really do
I can see it clear, that's why I want you
If I lose you, it would haunt me forever
No, I didn't come to play
I don't want you, I need you
Feel like no one can see you
I don't want you, I need you
I feel like no one can see you
But I do, I do

I want you to know that we can take our time
No need to feel the pressure, shawty, we're just fine
Know there's no such thing as the perfect time
I'ma play it cool

Go 'head, go 'head, go 'head, go 'head now
All the things that we been through
I think we deserve a chance now
All the things that we been through
Led us right here, oh, we prepared now
Baby, please, don't be scared now
Promise you I let my guard down
But will you fight it?
I know you been through so much with other dudes
Not seeing your worth
Or how much shit you really do
I can see it clear, that's why I want you
If I lose you, it would haunt me forever
No, I didn't come to play
I don't want you, I need you
Feel like no one can see you
I don't want you, I need you
I feel like no one can see you
But I do, I do

All the time, woah, all the time
Go 'head, go 'head, go 'head, go
