

# I Don't Like Your Friends

Devvon Terrell

I don't like, I don't like your friends (I'm sorry)  
I don't like, I don't like none of them (every last one of them  
)

I hate the skinny one  
The one that's always sayin' that I'm no fun  
The one sayin' you can do better babe  
But she had a man since we had a black president  
They were cool on the first date  
Nothin' but smiles and grins (smiles and grins)  
But now that I'm familiar they lookin' like oh its him (no matt  
er how hard I try babe)

I don't like, I don't like your friends (I'm just telling the t  
ruth)  
I don't like, I don't like none of them (between me and you)  
I don't like, I don't like your friends (I really don't)  
I don't like, I don't like none of them (I'm just sayin')

I try to be the cool one  
But still they insistin' you to move on  
Instagraming on em  
Bitches be like he ain't getting this tonight (hater)  
They were cool on the first date  
Nothin' but smiles and grins (smiles and grins)  
But now that I'm familiar they lookin' like oh its him (no matt  
er how hard I try)

I don't like, I don't like your friends  
I don't like, I don't like none of them  
I don't like, I don't like your friends  
I don't like, I don't like none of them

If they don't like you say oh well  
If they don't like you say oh well  
If they don't like you say oh well  
If they don't like you say oh well  
I don't like your friends  
I don't like no your friends (get em outta here)  
I don't like, I don't like your friends (between me and you)  
I don't like, I don't like none of them (I really don't)  
I don't like, I don't like none of them (one more time)  
I don't like, I don't like none of them
