

I Don't Mind

Devvon Terrell

Baby, I don't mind, don't mind
Baby, I don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, baby, I don't mind

Looking like a West Coast vibe on the East Side, nigga
They don't want a problem, it's just me and my niggas
What you wanna do is chill with me and my niggas
Belive me when I say, I don't give a fuck what people say about it
And though she bang with a nigga and I bang with her figure
Nothing you can say about it
You're my favorite girl, take it off
And baby I knew that I want you to myself

Baby, I don't mind, it's just me and
And baby I don't mind, 'til there's someone new
Baby, I don't mind, don't mind
Baby, I don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind

Shorty in the passanger, push to see that ass enough
And niggas love her and bitches do to
They she fuck around, so what? I fuck around too
Bottom line, shorty hold it down
And for a nigga she gon' put a nigga in the ground
Being with real God I notice her clamps
F'ing now, me and babe we gon' run the town
Young God's, ill nigga go hard
[?] niggas better keep their day job
Take charge, fingers up
We don't fuck with none of y'all
Got it? We don't fuck with none of y'all

Baby, I don't mind, it's just me and
And baby I don't mind, 'til there's someone new
Baby, I don't mind, don't mind
Baby, I don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind

I ain't never had someone that's quite like you
And I ain't never had someone you what you do
Tell me what it is, shorty [?]
Whatever it is, girl you are my drug
I don't wanna go chase it, [?] it away, so baby I don't mind

Baby, I don't mind, don't mind
Baby, I don't mind
Baby, I don't mind, don't mind

Baby, I don't mind, don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind
Baby, I don't mind, baby, I don't mind
