

I Made You Perfect

Devvon Terrell

I will pull up to your job and tell you just how I feel
You the one that got away so tell your nigga
To chill

He don't know just what we had
I'm really trynna run it back
Cause I made you perfect and he don't deserve it
Fuck that nigga

We could have a convo when I finish my liquor
You know the casamigos always feeding
My ego

He got make me do some shit that's
Borderline illegal
Nigga be quiet

I'm the one that got her that job and got her fly
I'm the one that let her use my credit for her ride
And you up in the passenger
Nigga I be dam if I sit down and just pass it up
Ok

Sorry for the way that I'm reacting
Why you fucking with a nigga that's not bout that action
Heard he got a kid by a chick that he barely know
You niggas playing house
Tell me what that's about

Lemme calm down baby I'm not hating on you
Don't you realize that I paid my dues
I know he don't deserve you
All that time and pain
I made you perfect
I'm just saying he don't deserve it
And now he's getting the best version of ya
He don't know all the things I been through
Cause you're perfect
Oh baby no I don't deserve it
And now I'm getting the best version of ya
He don't know all the things I been through
I been through

I don't wanna be your friend
Don't wanna running these streets playing pretend
I just can't understand why you messing with him
Now he gets it all for free
When I had to struggle
Just to get you on the right page
Cause even when you was wrong you was right babe
Now I'm still so fucking mad
He getting all of that
I'm hoping that you both don't fuccin last
Matter fact

Lemme calm down baby I'm not hating on you
Don't you realize that I paid my dues
I know he don't deserve you
All that time and pain
I made you perfect
I'm just saying he don't deserve it
And now he's getting the best version of ya

He don't know all the things I been through
Cause you're perfect
Oh baby no I don't deserve it
And now I'm getting the best version of ya
He don't know all the things I been through
I been through
