I Want You

Devvon Terrell

-You wouldn't know the old girl now?
-Ah yes I would. I'd know you anytime, anyplace...
-Anywhere. Ah, you're repeating yourself, Walter; that's the speech you made
 the night you proposed.

When you left

Wish you woulda told me when you left, yeah
Still don't feel the same when I wake up
I'm afraid to say this to your face
But you the type of girl I want to stay, whoa

Calm down now, bust down now
I go crazy every time you put it down, wow
I'm way up, my momma's so proud
I know that you good, at the same time misunderstood

So I
I see something real with you, yeah
You know I would kill for you, yeah
Girl you know you poppin'
So don't let nobody tell you
That you ain't well, whoa

I just wanna be with you
Yeah I'm afraid to say it
'Cause I don't know how to deal with you
I'm tryna feel you out, tryna find a way
To be real girl

I want you all the time, yeah
Morning to the night, yeah
Canceling a flight
'Cause I want you all the time, yeah
Morning to the night, yeah
Canceling a flight
'Cause I want you all the time

You know I'm obsessed with ya
This shit is fire and I can't get enough
I'm tripping and bugging, shorty you got me stressed out
I don't recognize myself right now
I gotta...

Calm down now, bust down now
I go crazy every time you put it down, wow
I'm way up, my momma's so proud
I know that you good, at the same time misunderstood

So I
I see something real with you, yeah
You know I would kill for you, whoa
Girl you know you poppin'
So don't let nobody tell you
That you ain't well, whoa

I just wanna be with you

Yeah I'm afraid to say it
'Cause I don't know how to deal with you
I'm tryna feel you, tryna find a way
To be real girl

I want you all the time, yeah
Morning to the night, yeah
Canceling a flight
'Cause I want you all the time, yeah
Morning to the night, yeah
Canceling a flight
'Cause I want you all the time

You know that I want you babe
You know that I want you yeah
You know that I want you babe
You know that I want you babe

Morning to the night
Canceling a flight
'Cause I want you all the time
