

You'd still be on me if your body wanted me  
I guess I'm askin' if this is real or somethin' that we can see  
Later on down this road, girl, you know how this goes  
Pride just gets in the way, then it takes all control

Girl, I fuck with you, you gon' fuck with me?  
We don't just fuckin' leave, girl, it take an effort  
Oh, I swear to God I fuck with you, I know you fuck with me  
I know sometime that pride just gets in the way, let's not play with it

'Cause I'ma be good to you  
Talkin' shit, show my whole hood to you  
Know these other niggas no good for you  
Just spend some time with me, on God, girl, you gon' see (Yeah)

Girl, you know that I got what it takes  
The shit I put on you, you can't replace  
There's some truths that I just gotta face  
Obsessed with you in every way

Girl, I fuck with you, you gon' fuck with me?  
We don't just fuckin' leave, girl, it take an effort  
Oh, I swear to God I fuck with you, I know you fuck with me  
I know sometime that pride just gets in the way, let's not play with it

'Cause I'ma be good to you  
Talkin' shit, show my whole hood to you  
Know these other niggas no good for you  
Just spend some time with me, on God, girl, you gon' see

Still be honest if you had me on my knees  
With your legs steady shakin' and your body so close to me  
We can go down this road, knowin' I'm in control  
Pride won't get in the way 'cause I'm lettin' you know

That I fuck with you, you gon' fuck with me?  
We don't just fuckin' leave, girl, this ain't indifferent  
Oh, I swear to God I fuck with you and you gon' fuck with me  
I know sometime that pride just gets in the way, let's not play with it (Yeah)

Girl, you know that I got what it takes  
The shit I do to you, you can't replace  
There's some truths that I just gotta face  
Obsessed with you in every way

Girl, I fuck with you, you gon' fuck with me?  
We don't just fuckin' leave, girl, this ain't indifferent  
Oh, I swear to God I fuck with you, I know you fuck with me  
I know sometimes pride just gets in the way, well, let's not play with it

'Cause I'ma be good to you  
Talkin' shit, show my whole hood to you  
Know these other niggas no good for you  
Just spend some time with me, on God, girl, you gon' see

Hahaha (Aw, nah)
