

# Immature

Devvon Terrell

Oh I'm not ready for you  
Cause I'm still immature Oh  
I admit it I admit it  
If I told you that I love you I was kidding  
Now I can't give you what you want  
Cause I am damaged goods baby oh  
The last one did a number on me  
I know that I'm making excuses  
Might sound useless  
But I'm scarred and I'm sorry to say this

Don't know what you want me for  
I'm no good  
Baby I'm still immature  
For you  
I said can we play a lil more  
Give me some time  
Oh baby cause I'm still immature

Oh can we wait a minute  
It's too close to ignore baby oh  
I admit it I admit it yea  
My feelings never know the difference  
I wanna give you what you want baby  
I'm just scared to death to jump in  
The last one did a number on me  
I know that I'm making excuses  
Might sound useless  
But I'm scarred and I'm sorry to say this

Don't know what you want me for  
I'm no good  
Baby I'm still immature  
For you  
I said can we play a lil more  
Give me some time  
Oh baby cause I'm still immature

Don't know what you want me for  
I'm no good  
Baby I'm still immature  
For you  
I said can we play a lil more  
Give me some time  
Oh baby cause I'm still immature
