Limbo

Devvon Terrell

I wish I never touched you
I should've left you on read
I wish that I can blame you
But I made my bet
Now my phone is blowing up (Yeah)
Let's just talk up in the D.M. (Whoa)
I can see you catching feelings (Feelings)
And I can't lie, I feel it too
What's the reaction? (Yeah)
Thinking back like "What the fuck happened?" (Yeah)
You was here for the moment, but now you'll stay (Whoa)
And I'm not saying that it's all on you
I'm just tryna figure out how we got here (Yeah)

I feel like we stepping on the gas (Going fast)
Think we going way too fast
I don't see a way where we slow down
We in the middle of nowhere (Yeah)
I cannot get you out my head (Out my head)
All I'm thinking now is what's next? (What's next?)
I can't even call you my ex (Whoa)
'Cause I don't know what we are
Or what we becoming (Yeah)
Or what do we want (Oh yeah)
'Cause girl this feel like a dream (Whoa)
But I know it's reality (Yeah)

I think we are in (Limbo)
I know you feel it (Limbo)
I can't break free (Limbo)
I do believe (Limbo)

I'm tryna find a way out (Way out)
Then I think that I don't (Don't)
Feel that we got us a good thing going (Going)
But it's finally getting serious (Whoa)
Tell me what's going through your head (Through your head)
Is it me or is it just my bet? (My bet)
'Cause when you come through you don't ever stop me (Stop)
I don't know what we are (Yeah)

I feel like we stepping on the gas (Going fast)
Think we going way too fast
I don't see a way where we slow down
We in the middle of nowhere (Yeah)
I cannot get you out my head (Out my head)
All I'm thinking now is what's next? (What's next?)
I can't even call you my ex (Whoa)
'Cause I don't know what we are
Or what we becoming (Yeah)
Or what do we want (Oh yeah)
'Cause girl this feel like a dream (Whoa)
But I know it's reality (Yeah)

I think we are in (Limbo)
I know you feel it (Limbo)
I can't break free (Limbo)

I do believe (Limbo)
