Riding through your city you see who I'm with  
If you hating on us homie you should quit  
She wanna kick it with us, see just how we live  
Now she drinking, now she smoking with the kids  
My whole squad fuckin' lit  
Lit, lit, lit, lit  
My whole squad fuckin' lit  
Lit, lit, lit, lit, we lit  
My whole squad fuckin' lit

We can smoke or drink it's really nothing  
We can go out start a riot everything is jumping  
We can stay up from the night until the early morning  
We can do just what we want I think we're onto something  
I get inside it's whatever feel better, I am on top of the world  
And there's nothing that's better than this, I've been spaced with this bitc  
h  
Floating and dipping through planets  
I see the earth but I'm not landing  
God damn it, God damn it, it's hot like the summer Miami  
But cold at the top of this planet  
Whole squad invited, if you roll up then you light it  
Feeling like Tony the Tiger... great  
Know that you're the shit when they can't say nothing  
Are you poppin' or you are mad or can you say something  
No you don't know but you will when you see us coming  
I don't want no haters around when I'm just tryna chill  
So catch me with

Riding through your city you see who I'm with  
If you hating on us homie you should quit  
She wanna kick it with us, see just how we live  
Now she drinking, now she smoking with the kids  
My whole squad fuckin' lit  
Lit, lit, lit, lit  
My whole squad fuckin' lit  
Lit, lit, lit, lit, we lit

Off that peach ciroc, someone pass the J  
R.I.P the club, that shit passed away  
I know I'm the greatest, feel like Casius Clay  
Everything I rock, they jock, then I'm on to the next, lil nigga you late (S

I just want it all, hit my squad know that I get it  
Nah you ain't gotta wait in line  
Just say who you with that's Futuristic  
Highly gifted, ultra lit, they know I did it for the city  
Ain't nobody fuckin' with me  
Like I'm Diddy, bitches showing titties, if I dip, then they all even with m  
e (Sheesh!)  
Got another bottle in my hand now, never took hand-outs  
Step outside before I stand out  
Take another shot, mm, man down  
Everybody lit, like fire at a camp ground  
They ain't wanna fuck with the kid  
Now they trynna chill with the man

Leave a message right at the tone  
I'll get back to you when I can
