

# Make It Last

Devvon Terrell

Do you want to hit the Maldives with me  
Already got the room and it comes with 2 keys  
All you gotta do is pack a bag and leave  
I just wanna put a couple stamps in your passport

I can get your angles in Anguilla  
Lost in Ibiza  
Looking for this girl have you seen her  
It could be us and these vibes  
Baby bring your camera  
Cause I'm tryna

Make it last I can help  
Tell me when you wanna dip, yea  
Make it last I can help  
Tell me when you wanna dip  
Cause baby, you  
Got me spending money  
On this link up  
You could have anything you want from me

Tell me you free  
Come up to your job tell your boss and leave  
Don't be scared just say this with me  
I don't need them  
They need me

Now let me get your angles in Anguilla  
Lost in Ibiza  
Looking for this girl have you seen her  
It could be us and these vibes  
Baby bring your camera  
Cause I'm tryna

Make it last I can help  
Tell me when you wanna dip, yea  
Make it last I can help  
Tell me when you wanna dip  
Cause baby, you  
Got me spending money  
On this link up  
You could have anything you want from me

I think that you need a vacation, yea  
You've been working  
Oh, just embrace this, yea  
You tryna get out of town say less  
You the type of girl I wanna sit and invest in  
Want you to get away from the stress and  
Tell them other niggas no texting  
And baby when we get back home  
Don't gotta move to fast  
Cause I'm tryna

Make it last I can help  
Tell me when you wanna dip, yea  
Make it last I can help

Tell me when you wanna dip  
Cause baby, you  
Got me spending money  
On this link up  
You could have anything you want from me
