Devvon Terrell

Told you you was gonna fuck with me
Told you I was gonna get you
I can't even front I pat myself on the back
Cause you only mess with the real ones
Ain't giving it to no one
Yea you got me gassed up and I'm playing it cool for you yea
I'mma make you fall in love with me
Pulling every trick from my bag out
Sending flowers to your job just to let theses niggas know
It's a new sheriff in town now
Tell em they should pack it up now
Cause ain't nobody gon beat me
Now that I have a chance with you
All facts

Been wanting you baby
Been watching you crazy
Whats up with it
Feel like I know you
Read all the comments know how to approach you
See em and I know they out of pocket
I could imagine in your DM they be willing
But I swear to god baby I'm solid
Just let me flex a lil bit

MVP yea they gonna envy me
When I pull up with you baby
MVP they gonna envy me when I pull up with you baby
You baby MVP I got you MVP I got you MVP
I feel like that nigga
MVP I got you MVP I got you
MVP I feel like that nigga

Are you gonna save me
From all of these girls that been driving me crazy
How long did it take me
To finally get your attention
Girl not to mention the work that I put in
You made me go so hard to get a foot in your door
And I know there's more that I gotta do
What I gotta do to keep it
I don't wanna lose
Cause I can tell you don't want the bullshit
You don't got the time for me to play with you
And I can tell that if I do a good job
It's gonna pay off I'm speaking the truth
