

No Commitment

Devvon Terrell

Oh, yeah, oh, yeah
Oh, no, no, no, no
Oh, yeah, yeah

When I pull up are you hoppin' in?
Am I someone that you fuckin'?
Are we more than friends?
I just wanna do right, even if it's wrong
I need some answers, baby
Please don't take too long, okay?

Know you like to bring up my past
When you making decisions
'Member when we started this?
No, please don't let it finish
Do you really think it's better out there for you?
I'm the only one that could afford you
Baby, 'cause

It's givin' no commitment
Ridin' 'round the town with these other women
It's givin' no commitment
Ridin' 'round the town with these other women

Hope you brought your girls, got my gang with me
Please, don't think that it ain't no changin' me
Want a good time and a vibe
Please, don't blow my high
Girl, just let it slide 'cause I

Know you like to bring up my past
When you making decisions
'Member when we started this?
No, please don't let it finish
Do you really think it's better out there for you?
I'm the only one that could afford you
Baby, 'cause

It's givin' no commitment
Ridin' 'round the town with these other women
It's givin' no commitment
Ridin' 'round the town with these other women

Look what you started, and we can't go back
Your shit so good, I might just wave my white flag
I don't wanna wake up and just hate you
You tired of me and it's all because

It's givin' no commitment
Ridin' 'round the town with these other women
It's givin' no commitment
Ridin' 'round the town with these other women
