I just want to say thank you to everyone  
That has been listening to my project and  
For those that really don't care  
I know you probably going turn this off

But it was really hard  
To finish this project and right now  
I just want to get some shit off  
So I just want to make this  
Be super simple  
Start this shit with a kick  
Let me find something

Right there  
Bet now I'm um find  
A snare clap or whatever  
Yeah

That's it  
And now I just want just something  
Just a simple melody  
And then we can go

Yeah that's it  
Let's get it

I always try to be nice  
I always try to be fair  
Even when we shared the Ubers  
I was paying fares  
You never saw my value  
Let other niggas cloud you  
When they was talking shit  
You just let it fly  
That's why I don't pick up the phone  
No more  
Behavior I don't condone no more  
Was sitting high but I can't fall no more  
Fool me once okay  
Fool me twice that's me  
Fool me three times and I just  
Got to get up and leave without a word Said  
You talking shit like I'm the problem  
Telling all our friends  
That a nigga changed  
Really I just upped it on you  
At some point you got to realize  
Flowers never grow in the shade  
And that's all you threw in  
In the darkest of times I never found you  
Even when it rained  
You just kept on bringing the clouds  
Told you all my problems  
But even when I weeped  
You'd tell me about yourself and then forget about me  
Was having problems with my family  
Dealing with my wife

Trying to get my sister right  
When Dad lost his life  
Through all that shit I still prospered  
Funn when you going through shit  
You find imposters  
Take off the mask my nigga  
Show me who you really are  
When you was unemployed motherfucker  
I was giving jobs  
Giving you advice on your life  
On how to take it far  
Dealing with these demons all alone  
I should've never let you get close  
It's scary to look up at all your friends  
And realize you're the only one that want to win  
Sitting at the finish line  
Busting ass all quarter  
Know I was the player and the coach  
And you just gave me fucking water  
I'm tired  
Still spinning tho  
Still running on E  
I know you got your problems  
But what about me  
I've been a strong friend  
Drinking to drown the problems  
And now I got to change  
To surroundings

All my life I had to  
Find a way  
To do what's best for me  
All I want to do is fly away  
What am I supposed to be in my way?  
I see where I'm supposed to be  
This life is mine  
So I'm dead

One day at a time  
And another one day at a time  
Na na na  
One day at a time  
Yeah, one day at a time
