Way too many niggas got your number (Ooh)
Your phone be ringin' off the hook
When we together, damn
Can I get some time?
Can I get your attention?
Oh, girl, I know that you
That nigga 'round here

'Cause you so damn popular
Girl, you got it, girl, you poppin'
Oh, I'm watchin' you
So many niggas just fightin'
For your love, I'm one of them
But, baby, can I please get your attention?

Let's go OT, oh, let's just ride
Girl, let's vibe, yeah (Vibe)
They don't wanna know me
They wanna know you
'Cause you're the prize, yeah (Prize)
That's okay, I don't wanna get in your way
'Cause I know who I'm dealin' with today (Today)

'Cause you so damn popular
Girl, you got it, girl, you poppin'
Oh, I'm watchin' you
So many niggas just fightin'
For your love, I'm one of them
But, baby, can I please get your attention?

Tell me if you wanna get away, yeah
I'm just looking for a way into your space
And I don't know if you fuck with me
Want me to beg or plead
Tell me what I gotta
Do for you to see, yeah, yeah
Pick you up in my Porsche, yeah
You'll tell me if I can't afford you (Ride)
Maybe you don't care about cars and money
That shit not important to you
You bad (You bad), you bad (You bad)
You bad (You bad), I don't know
What's the first thing I should say

'Cause you so damn popular
Girl, you got it, girl, you poppin'
Oh, I'm watchin' you
So many niggas just fightin'
For your love, I'm one of them
But, baby, can I please get your attention?
