

Post To Be

Devvon Terrell

If your chick come close to me
She ain't going home when she post to be
I'm getting money like I'm post to be
I'm getting money like I'm post to be
Ooh my niggas close to me
And all them other niggas where they post to be
Ooh them hoes go for me
Got your chick sending pics like pose for me
That's how it post to be
That's how it post to be
That's how it post to be
Everything go how it post to be

Tell me what it is
Tell me what you want girl
I don't ever lie
Let me put you on girl
Let me give you all the things that you never had
Ooh baby if you want it
If you wanna do bad things, I do
The best you've ever had
I just wanna give it to you
I know you make it do that
So many nights you studying and I'm callin'
You making money, I'm making money
We balling
You about it, I'm all about it
We all in
Your man called me and I told him

If your chick come close to me
She ain't going home when she post to be
I'm getting money like I'm post to be
I'm getting money like I'm post to be
Ooh my niggas close to me
And all them other niggas where they post to be
Ooh them hoes go for me
Got your chick sending pics like pose for me
That's how it post to be
That's how it post to be
That's how it post to be
Everything go how it post to be

So you telling me
That every girl that I meet, is somebody you wanna be with
You see me with it, you need it
Man if you want it, you keep it
Nah, matter of fact, give it back
Cuz I remember going through hell and back just to get her
Her mama telling me that I would never get it, forget it
But now I'm in the kitchen cooking rice and beans
All good in the hood
Nigga no new team
I'm playing ball with a brother
I let him wiggle through struggles
And her pap talk a lot, but I just sit and I watch
Cuz I ain't listenin to shit

I'm just looking at her
I'm just telling you the truth
Nigga look what I heard

If your chick come close to me
She ain't going home when she post to be
I'm getting money like I'm post to be
I'm getting money like I'm post to be
Ooh my niggas close to me
And all them other niggas where they post to be
Ooh them hoes go for me
Got your chick sending pics like pose for me
That's how it post to be
That's how it post to be
That's how it post to be
Everything go how it post to be
