How did we get here?
Was it me, was it something that I said?
You said we been here
And that I've ignored everything you said, yeah
Tell me how I missed this
Tell me how I never felt this in our bed
Tell me how to fix it
Tell me what is going through your head

You get some thoughts to leave and I can see your bags packed
Lately I've been noticing you've got your swag back
Tell me, is it somebody else that got you feeling good?
Got you thinking you need better?
I probably met him before, didn't I?
Probably just watching, waiting for our demise
And I didn't catch it, now I'm here learning a lesson
Of how I lost you, runnin' back the tape

Watching it replay, replay, replay
Watching it replay, replay, replay

I know that I'm not trippin'
When you wanna hang out with your girls instead, yeah
And so I mind my business
Tryin' hard to play it cool, not let you win
And I'm a fool for this

Girl you know that I got me an ego and sometimes it just takes over m
e
Now that I don't have you I can see what is important
To me, to you, never thought I'd lose you
Always feel this, you know I'm a mess right now, yeah
I know I can't aks you for no second chances
Girl if there's no me and you I don't know what my plans is
Please don't have me goin' round from girl to girl
To get back that feelin', I just wanna feel it from you

I know I could've treated you better
Is it too late to make this better?
I don't know who I was before
Runnin' back the tape

Watching it replay, replay, replay
Watching it replay, replay, replay
Replay, replay, replay

I made a mistake
