

Ride And Boogie

Devvon Terrell

Ah yeah, ah yeah, ah yeah

I wanna ride with you, baby (all night)
I wanna get you on my side

We should ride and boogie (ah yeah, ah yeah)
We should ride and boogie (ah yeah, ah yeah)
We should ride and boogie (ah yeah, ah yeah)
We should ride and boogie (ah yeah, ah yeah)

You and I have something in common (ah yeah, ah yeah)
We just wanna keep this thing going (ah yeah, ah yeah)
Hope we not just hiding for nothing (ah yeah, ah yeah)
Cause one day I will want them to know (ah yeah, ah yeah)

And I hope that that's not far
You're the realest one thus far
That's what makes this hard
Girl you should play your part in my car

So... we can ride and boogie
We can go anyway
Let me know if you gon' play
You know what I'm tryna say

I wanna ride with you baby (all night)
I wanna get you on my side

We should ride and boogie (ah yeah, ah yeah)
We should ride and boogie (ah yeah, ah yeah) (we should ride and boogie)
We should ride and boogie (ah yeah, ah yeah)
We should ride and boogie (ah yeah, ah yeah)

You know I want you don't get me started (ah yeah, ah yeah)
That's why I want you up in my car (ah yeah, ah yeah)
So we can go anywhere we want baby (ah yeah, ah yeah)
With no one knowing where we are

And I hope that that's not far
You're the realest one thus far
That's what makes this hard
Girl you should play your part in my car

So, we can ride and boogie
We can go anyway
Let me know if you gon' play
You know what I'm tryna say

I wanna ride with you baby (all night)
I wanna get you on my side

We should ride and boogie (ah yeah, ah yeah) (you should ride with me)
We should ride and boogie (ah yeah, ah yeah) (you should ride with me)
We should ride and boogie (ah yeah, ah yeah) We should ride and boogie (ah y

No one, baby no one

Is gonna tell you something when you riding in front
No one, baby no one
Is gonna tell you something when you riding in front

Imma pull up on your girl like this
Taking her from me oh nigga you wish
She want a real one cause the fake don't fit
