

Right To My Left

Devvon Terrell

Baby, I know that you got me surrounded
And I know that there's no way around it, yeah
When I look at you, it gets no better
Can't do this without you, walk in my own shoes
If you're not here with me

One by one, day by day, you taught me how to crawl
As long as I can hold your hand, I will never fall
I think that I owe you my life, yeah
Every time I call you right there
Waiting for me

Everybody else left me for dead, yeah
You would rather be with me instead, yeah
Girl, you are the right to my left
The only one that I want by my side
Until the day I die
Right to my left

I can never pay you back
Cause what you gave me can't be bought with money
I won't let no one take you from me
Girl, you're priceless
You taught me what life is, yeah, yeah, yeah

One by one, day by day, you taught me how to crawl
As long as I can hold your hand, I will never fall
I think that I owe you my life, yeah
As soon as I call you right there
Waiting for me

Everybody else left me for dead, yeah
You would rather be with me instead, yeah
Girl, you are the right to my left
The only one that I want by my side
Until the day I die
Right to my left
