

# She A Dub

Devvon Terrell

Yea yea  
Don't worry about it she a dub, yea  
You the only one to show love, yea  
All my exes looking like ghosts, yea  
Only see you when I make a post  
Now that I got you I feel better  
I look at them, I look at you all as a snap up  
That type of girl I love she shittin' on my exes  
They hate my line, I tell 'em all leave a message  
Since I got you my exes lookin' like ghosts  
Once upon a time, I wish that you were mine  
Now you're upon my time, ain't nobody messin' it so

I got you so I don't need my ex  
I got me a whole new flex with you  
They looking like ghost  
And you will get looking like ghost

If I gotta say so yeah  
You can see the halo yeah  
All them other girls dead to me  
Now that I got you next to me woah  
If I gotta say so yeah  
You can see the halo yeah  
All them other girls dead to me  
Now that I got you next to me woah

Oh you  
Wish she want me back in SMS  
If you feel it we can get it off your chest  
I'm not going back, I'm not going back  
If you looking for my feelings you gon' need a map  
Ring my line, new phone, who this?  
If you ain't get the news, you read all about it  
You girl never ever got me feeling stressed  
She giving me all the answers to the test  
She remind me all the reasons that I left for  
Every morning that I wake up I feel better  
I look at them, I look at you all as a snap up  
That type of girl I love she shittin' on my exes  
Don't hit my line, I tell 'em all go leave a message  
Oh girl you messed up up up up flex  
Once upon a time, you thought you were mine  
She so back and fine  
I won't mess it up with us

I got you so I don't need my ex  
I got me a whole new flex with you  
They looking like ghost  
And you will get looking like ghost

If I gotta say so yeah  
You can see the halo yeah  
All them other girls dead to me  
Now that I got you next to me woah  
If I gotta say so yeah  
You can see the halo yeah

All them other girls dead to me  
Now that I got you next to me woah
