

# Switching Sides

Devvon Terrell

Yeah, woah  
Yeah, yeah

It's too early in the morning to be askin' me these questions  
I'm just tryna get back to the money  
I don't want nobody but you because I'm way too invested  
Please don't be alarmed just by a text, yeah  
She a friend, not a hoe  
Why you goin' through my phone?  
Baby, she already know that I'm all you  
Bobby gotta argue like K.D. and Lebron do  
I want to ignore you, but I don't want this on your conscience

'Cause I know that you'll probably want revenge  
Lockin' doors and then you never let me in  
Why do I get all this smoke for havin' friends?  
Just don't let no other man get it in witcha (yeah)

'Cause I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life  
'Cause I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life

Why can't I just have a couple friends?  
A little Henny and D'USSÉ, it's not a sin  
Why can't I go out and have fun with my friends?  
Why you on the Gram, why you on the Gram?  
Don't you go there, nothing is ever what it seems  
You see shorty next to me, she bustin' up the seams  
See me celebrate, but I still play for your team  
I can let it slide, I can let it slide

'Cause I know that you'll probably want revenge  
Lockin' doors and then you never let me in  
Why do I get all this smoke for havin' friends?  
Just don't let no other man get it in witcha (yeah)

'Cause I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life  
'Cause I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life

Yeah, switchin' sides, I ain't switchin' sides  
Please believe me, believe me, hol' up

I ain't switchin' sides 'cause I know it ain't worth it  
You be pullin' shit outta my phone like surgery  
Tell you all the time that these girls don't like me  
Goin' go through my joggers, you could check, no Nike

Adidas, I did that, you so hot, you so spicy  
Are you dumb sis, when you hit her in the DM?  
Fightin' for my girl back, takin' no Liam  
Tryna make me jealous, but I tell you all the time

I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life (woah)  
'Cause I don't want you out here switchin' sides (yeah)  
If she catch me slippin', I would die (yeah)  
Shorty crazy, that is no lie (yeah)  
I ain't switchin' sides, put that on my life
