Hold up, hold up, oh yeah, eh, eh  
Tell me what you want babe  
Don't let it go-I  
Know you want it now  
I'm just waiting on you, hold up  
These bitches got me fucked up  
And I don't wanna front, but  
Scrolling through my phone, now  
I'm about to double tap it  
So you know how I feel

I don't even know what your name is  
To show you that I'm there  
Liking shit from weeks ago  
Don't try to front like  
We both liking pictures for nothing  
I think that you're my favorite, favorite

I really wanna tell her, wanna tell her  
I really wanna tell her, wanna tell her  
My women crush Wednesday, tell me what's better  
I really wanna tell her, wanna tell her  
I really wanna tell her, wanna tell her  
My women crush Wednesday, tell me what's better

See we started off with some likes on our TBT's  
Damn girl, you been bad since your throwback's  
Who's that girl real fine like you Eve Eve  
And even Stevie J comment on your Kodak  
Hold up, let me slow up  
You'll be my women crush Wednesday once the picture load up  
I don't care, one follow, not a model but got models in they  
Feelings leaving heat  
Like LeBron, lift from Cleveland, baby  
You should check your DM hoe

I don't even know what your name is  
To show you that I'm there  
Liking shit from weeks ago  
Don't try to front like  
We both liking pictures for nothing  
I think that you're my favorite, favorite

I really wanna tell her, wanna tell her  
I really wanna tell her, wanna tell her  
My women crush Wednesday, tell me what's better  
I really wanna tell her, wanna tell her  
I really wanna tell her, wanna tell her  
My women crush Wednesday, tell me what's better

Oh baby, oh baby, yeah, yeah, oh yeah, yeah  
I don't know how, don't know how to say it

I really wanna tell her, wanna tell her  
I really wanna tell her, wanna tell her  
My women crush Wednesday, tell me what's better  
I really wanna tell her, wanna tell her
