

Week 3

Devvon Terrell

I don't know what happened
We went from being so cool to every day we snappin'
Maybe we just need some time apart
Or maybe it's [?] finally closing in on you
Baby I spend way too much time around you

Tell me what I should do to make it better
'Cause this not safe out there, with me girl it's better
Even us fuckin' is dying down
Even when I leave, I'm still around
Tell me

How do we control it?
I think we just need space in this open
We just gotta focus
But how can we when you get so damn mad when
I give no reaction
You yellin' and I'm quiet
Yellin' in my head to avoid more problems
I don't wanna scream back
That will set you off and
I don't want no smoke, that's all

I don't know what happened
We went from being so cool to every day we snappin'
Maybe we just need some time apart
I don't know what happened
We went from being so cool to every day we snappin'
Maybe we just need some time apart

24/7, 365
Maybe that's a little to much for you
It's like we speedin' up the process
Runnin' 'round with no rest
It's crazy that we went from A to C with no between
Hopped up in the whip and we started to speed
Never took a pitstop, we felt the breeze
How can we expect that it lasted

We ran outta gas and now every day you mad when
I give no reaction
You yellin' and I'm quiet
Yellin' in my head to avoid more problems
I don't wanna scream back
That will set you off and
I don't want no smoke, that's all
