

You Been Gone

Devvon Terrell

I don't know where you been gone
You been gone, you been gone
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone

Oh you know, oh you know that I need you
No one knows, no one knows how to be you
I don't know if I can keep this up
Cause the way you play oh I can't get enough

Want you to stay with me
I want to stay with you
Don't know how many ways
I can say I want you more
Shouldn't have let you leave
Call out and just work for me
Not the type to just be stressing
But girl you a blessing
Been a while I hope you got my message

I don't know where you been gone
You been gone, you been gone
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone

Falling for you like
Way oh way oh way oh way oh
Where you at
Way oh way oh way oh way oh
Tell me where you been gone
Way oh way oh way oh way oh
Where you at
Way oh way oh way oh way oh
Where you been gone

I don't know the last time that I seen you
On the low you do it better than she do
I can try but it won't be enough
To find someone like you Is just too much
That's why I Want you to stay with me
I want to stay with you
Don't know how many ways
I can say that I want you more
Shouldn't have let you leave
Call out and just work for me
Not the type to just be stressing
But girl you a blessing
Been a while I hope you got my message

I don't know where you been gone
You been gone, you been gone
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone

Never noticed how I needed you
In my world all the time (where you at)
Round and round we go can't find you
But when I do you're mine (where you at)
Never noticed how I needed you
In my world all the time (where you at)
Round and round we go can't find you
But when I do you're mine

I don't know where you been gone
You been gone, you been gone
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone (yea)
I don't know where you been gone
You been gone, you been gone

Falling for you like
