

You Trippin

Devvon Terrell

I can see you on the way
Taking pictures and you feeling great
You acting different when you in LA
You in a mood oh you feeling great
Girl I see you travel different
When you not home oh I can see the difference
You just wanna have a good time don't you
Every time you on that plan you be feeling yourself

In LA MIA shorty come and see me
I'm in NYC you should stay with me
I don't know how to ask cause

You be acting different, yea
You be acting different, babe
You be acting different, hey
You be acting different
You trippin

In LA MIA ATL
You be in Houston going crazy
Come to Brooklyn girl
Harlem world
In every city you be trippin

I wish I knew the time and place
So I can link up with you everyday
I know right now I'm just a spectator
Waiting to enter the game
Cause I got some more stamps to put up in your passport
Girl I just be tripping on you like this is that last resort
But ya back now just touched down
We don't know each other
When you home you quiet
But on that plane you feeling yourself

In LA MIA shorty come and see me
I'm in NYC you should stay with me
I don't know how to ask cause

You be acting different, yea
You be acting different, babe
You be acting different, hey
You be acting different

You trippin
In LA MIA ATL
You be in Houston going crazy
Come to Brooklyn girl
Harlem world
In every city you be trippin
