I can see the tears in your eyes
I know you're hurting
Seems like you need a friend
I feel like I could read through your mind
I know that feeling
Like you can't love again
But maybe I could be that clown to make you smile again
Maybe I could be those wings to make you fly again
Maybe I could be that song
Your favourite one that makes you dance

Sure you told me you got a man
But he never compliments you
Tell you you are beautiful
He parties in the night while you're home alone
He never makes you feel like a woman
He ain't never there when you need him
Last of all he doesn't love you like I do
Last of all he doesn't love you like I do

I can see the stress darling
You're unhappy
Right now you're somewhere you don't wanna be
I can take the weight off your shoulders
Fade your pain away
I can keep you warm when the nights get colder
Take you out the pouring rain

Or maybe I could be a clown
To make you smile again
Or maybe I could be those wings
To make you fly away
Maybe I could be that song
Your favourite one that makes you dance

Sure you told me you got a man But he never compliments you
Tell you you are beautiful
He parties in the night while you're home alone
He never makes you feel like a woman
He ain't never there when you need him
Last of all
He doesn't love you
Last of all (He don't love you)

He doesn't love you
