Look how we a suffer fi so long before we reach  
And look how we rich, now hungriness a the least  
Cyaan figet the days when we did hungry for a week

Hungry so we reach, humble so we reach  
Ghetto youths suffer fi so long before we reach  
And look how we rich, now hungriness a the least  
Still a put the butter 'pon the bread  
We're proud of it

The crackers weh me live 'pon, never tuff like my life  
The likkle bit a chiffon weh me put inna the dry rice
