Dexta Daps

Girl

I thought I could give you my name
You was just fucking me for fame

Better you did tell me say is a bagga man you waan

I ain't tryinna be bitter
But I'd rather be a quitter than fall short

She's like fire
She bun him like a lighter
Don't you beat her down
Don't look in her phone
She's like fire
Best thing you do, avoid her
Don't you beat her down
A better if you leave her alone
